

Position Description

POSITION DETAILS

Position Title:	Clinical Continence Specialist		
Location:	Melbourne		
Reports To:	Community & Sector Manager		
Direct Reports:	None		
Employment Status	Full time <input type="checkbox"/>	Part time <input checked="" type="checkbox"/>	Casual <input type="checkbox"/>

OUR VISION AND PURPOSE

The Continenace Foundation of Australia’s (the Foundation’s) vision is for an Australian community free of the stigma and restrictions of all of incontinence across the lifespan. We will aim for this through research, advocacy, solutions, consumer education and professional development.

STRATEGIC PILLARS

Ensure Better Access To deliver high quality continence information, resources, education and services in Australia
Be a Leading Peak Body That is widely recognised and acknowledged nationally and internationally as the Australian expert voice for continence
Be a Unified Body That has the governance and organisational capacity to deliver our vision and purpose
Grow successfully and Sustainably To ensure we can continue to achieve our vision and purpose

PURPOSE

Reporting to the Community & Sector Manager, the Clinical Continence Specialist will be responsible for developing and reviewing accessible, high quality, external facing information about incontinence and bladder and bowel control health, enabling consumers to be informed about preventing, treating and better managing incontinence.

VALUES AND BEHAVIOURS

Values	Behaviours
Accountability	We are responsible for our individual and team actions and behaviours and the outcomes they produce
Respect	We will respect each person within our organisation and all external individuals and stakeholders
Integrity	We will act with integrity and be open and honest, within our teams and the organisation, and when dealing with all external individuals and stakeholders
Inclusiveness	There are no barriers to engagement and participation, no one is excluded, and diversity is celebrated

Position Description

RESPONSIBILITIES

Develops clearly written, well-designed continence health communication materials for healthcare providers and for the public in a variety of formats, such as web content, resource materials, posters, training materials etc.
Ensures that clinical stakeholder inputs are reflected in all content, and that all information is evidence-based, messaging aligned with the Foundation’s policies and practices and consistent with the Foundation’s educational materials and website.
Works collaboratively with cross functional teams to ensure content accuracy and effectiveness and to ensure it is incorporated into other communications tools such as social media channels, press releases and newsletters.
Ensures communication activities are based on accepted principles, methods and best practices.
In conjunction with the Communications manager, assess and interpret resources and website performance, user feedback, surveys, keywords to guide/shape content review process, and monitor and evaluate engagement.

KEY PERFORMANCE INDICATORS (KPI'S)

Key Performance Indicators
All employees
Alignment to expected values and behaviours demonstrated
Compliance with Work Health and Safety Policies and Procedures
Compliance with Company policies and procedures
Positive and effective stakeholder relationships and feedback
Role Specific
Collects and curates relevant sources of evidence-based content, primarily from clinical practice guidelines and scientific/medical articles.
Ensure the accuracy and credibility of all continence content generated by the Foundation.
Manages project timelines, risks and scope, and communicates status to management and stakeholders on a consistent basis.
Stays updated with the latest medical research and advancements to incorporate relevant and current information into the content.
Work with stakeholders to map out required clinical content and will take an innovative approach in creatively developing content within the given scope of project priorities.
